

CMMS MUSIC DEPARTMENT REDIRECTION MATRIX

A “Re-route” in the GPS to SUCCESS

Sometimes in our journey to success, we get a little off course or maybe a little lost. Here is what I will do to “re-route” you and get you back on track for excellence:

1. **Personal Request**- I will give everyone else something to do and have a short personal conversation with you. I will tell you what I expect you to change and give you a chance to refocus and change it.
2. **Personal Meeting**- I will give everyone else something to do and meet with you in the office. A more in depth conversation will be had. You will be given one more opportunity to fix the issue in question. Communication will be sent home to your parents.
3. **Personal Reassignment**- You will be removed from the ensemble rehearsal and given a separate assignment to do. Communication will be sent home to parents and the principals will be notified.
4. **Principal Meeting**- You will be removed from the classroom to meet with the principal. A referral will be written and a parent meeting will be arranged.
5. **In-Class Suspension**- You will be removed from the ensemble for anywhere from 1-3 days. A parent meeting will be arranged, principals will be involved and a written apology will be required upon your return.

Distance Learning Revise

1. **Personal Message**- I will send you a private message explaining what I expect you to change and give you a chance to refocus and change it.
2. **Personal Reassignment**- I will send you a private message explaining that you will be sent into your own break-out room and asked to refocus during that time.
3. **Personal Meeting**- I will send you into your own break-out room for the remainder of the class. Principals will be notified. A parent meeting will be requested. An apology will be required upon your return next class.

“Don’t take it personal- make it personal!”
